

My name is John McCain. 40 years ago I had the honor to participate in our government's noble cause and mission to bring peace and prosperity to the people of Vietnam. Together with other members of the Air Force, Marines, Navy and Army, we killed millions who foolishly and stubbornly refused to accept the blessings of America's world leadership. Though my combat time was briefer than I would have liked, I did get to blow up a bunch of stuff, and would do it all over in a heartbeat. Hopefully as your President, I'll again have that opportunity to wreak death and destruction.
